5. Accounts 2011

The accounts show a deficit that must be reduced by the expansion of the activities of the association. The City of Lausanne can not in the long term finance the losses of the association.

A report will be presented to the general assembly. A working group was set up with the participation of several cities in order to make an assessment for potential future projects.

7. 2013 Lausanne Summit

The feasibility of an extended summit is under study.

This extended event would be structured as follows:

- One-day summit only for members
- Two-days open to all cities

To organize this event in Lausanne in 2013 would allow us to take full advantage of the proximity of the IOC and the sports federations established there.

The 2014 Lausanne Summit will be host by the City of Beijing.

8. Activities in 2013

Noting else than the Summit
