Melanie Duparc  
Secretary General  
World Union of Olympic Cities

Hello Melanie,

We have enjoyed being a part of the World Union since we initiated our membership. However, at this time, we have made the decision to not continue as a member moving forward. Our strategic plans have altered so our participation is not necessary at this time. Again, we appreciate the partnership to date, and hope that we can be considered in the future if our plans change.

Thank you again - Matthew
